This corrects the article: "Boro H, Sharma H, Mittal D, et al. Parathyroid Carcinoma Presenting as Recurrent Primary Hyperparathyroidism and Neck Mass: A Case Report. *touchREVIEWS in Endocrinology*. 2023;19(2):80–85"

The patient consent statement was added incorrectly due to an editorial error. The correct patient informed consent statement, provided by the authors, is included below.

"This study was performed in accordance with the Helsinki Declaration of 1964, and its later amendments. Ethics approval is not required as case reports are not deemed to constitute research by the Aadhar Health Institute Review Board. Written informed consent was obtained from the patient for publication of the manuscript along with the images."
